

## “Circles, Ovals and Waves Workshop”

Sewing circles has never been so much fun! No worries if you've never sewn curves before OR if you prefer straight seams! You will leave this workshop a master of curves!

Come ready to experiment and learn new exciting techniques to create waves, perfect circles, free-form and/or ruler cut ovals, arcs and gentle curves. Nothing is set in stone, changes are welcome and you will be encouraged to follow your instincts while exploring additional options.

### For the workshop, you may choose to do either of the following:

1. Work with any of Karla's circle, wave or oval patterns found in her books or her standalone patterns, and focus on a specific method. (purchase her books and/or patterns separately, in advance from her website <http://www.saginawstreetquilts.com/store.php?cat=1> or during Karla's visit to BPQ...she will bring plenty of options!). Please follow the supply list in your chosen pattern.

OR

2. Work totally free-form, trying out ALL of her various methods. For this option, please bring a few ½ yard background pieces plus lots of minimum 5" square contrasting fabrics (the more, the merrier!)

### Bring

- whatever fabrics you choose to work with for the above,
- the relevant Karla Alexander book or pattern if you have it already, and
- below general supplies

## Sewing Supply Suggestions -Block Party Quilters Workshops
